DESCRIPTION

Splendid Fairline Squadron 55 (2000) in very good condition.

This yacht features three generously sized cabins and crew quarters located aft.

Its deep-V hull ensures impressive high-speed performance, reaching up to 32 knots, with a cruising speed of 26 knots.

This vessel has been very well-maintained over the years, including a recent full polishing and hull sanding.

The Squadron 55 is an elegant yacht characterized by its beautiful sleek lines, as well as its comfort, high performance, and reliability. It has been a proven success for Fairline since the introduction of this model in 1996.

INTERIOR:

The interior boasts a split-level main deck layout.

We are immediately welcomed by a refined salon, spacious and inviting, with large windows nicely flooding the area with natural light.

The floor is covered with a nice and well-maintained white carpeting.

The seating area is composed of a large white leather sofa and an extendable table that can comfortably accommodate up to eight guests.

The glossy lacquered cherry wood furniture imparts a bright and inviting aesthetic, enhancing the space with a dedicated TV section and bar.

A sunken galley on the starboard side is fully equipped with double stainless steel sinks, a glass-ceramic cooktop, a microwave, a refrigerator, a freezer, and numerous storage compartments.

From the galley, a door leads to a convenient utility room that houses a washing machine, a dishwasher, and a wine cellar.

The elevated helm and cozy dinette are located forward, featuring a round table perfect for family meals.

The helm station provides excellent visibility.

Below deck, a welcoming lobby leads us to the sleeping accommodations.

The starboard and port-side cabins are equipped with comfortable berths, with direct access to the day head and shower from the port-side cabin.

The owner's cabin at the forward section of the vessel is particularly spacious and airy; the mirror behind the bed amplifies the space; we can find ample storage along with an en-suite bathroom fully equipped with a sink, toilet, and shower.

EXTERIOR:

The spacious teak cockpit provides a very pleasant area with a table and a comfortable sofa, ideal for enjoying moments with friends.

The boat features a generous swim platform at the stern, which accommodates the tender, as well as a gangway and swim ladder.

Guests are invited to relax and enjoy the scenic views from the sunbathing area located at the bow: the ideal spot to fully experience a cruise.

Finally, the large flybridge offers a convivial space complete with a sofa, table, barbecue, refrigerator, and wet bar, making it perfect for socializing and enjoying time at sea.

The helm station is well-appointed with comfortable upholstered helm seats and is equipped with stern and bow thrusters, and eventual joystick control available for ease of maneuvering.

The engine room is accessible from both the cockpit and salon, maintained in a clean and tidy condition, with all services performed regularly.

This yacht is primed and ready for the 2026 summer season, versatile for day trips or extended family cruising.
