DESCRIPTION

Nautica Esposito is a renowned shipyard specializing in high-quality “gozzi”, the traditional southern boats. Since 1968, it has combined craftsmanship, innovation, and a passion for sea, keeping alive the “dolce vita” style typical of the Sorrento coast.

The Positano Open 38 is a perfect example: every detail is designed to enjoy the sea to the fullest, with generous sunbathing areas at the bow and stern and comfortable, functional social spaces.

Hull and Engines

The deep "V" hull ensures smooth, safe, and stable navigation, even in rough seas.

The two Volvo D4 300 hp inboard engines deliver excellent performance in all conditions, with a cruising speed of 24 knots and a top speed of 30 knots.

Deck

Elegant, sleek lines: the bow has a refined profile, enhanced by a broad bulwark that runs the entire length of the hull.

Bulwarks, handrails, and caprails in natural teak are designed in the finest “gozzo” tradition.

The teak deck also creates a convivial atmosphere.

Comfortable side walkways make it safe and easy to move around the boat.

At the bow, there is a large sunbathing area with full cushions, ideal for relaxing in the sun.

The cockpit features, at its center, an adjustable table with a U-shaped settee and a galley area with a fridge, perfect for dining outdoors.

The area is fitted with a folding bimini that provides shade and shelter, even while underway.

At the stern, a second large sunbathing area with cushions, for an additional relaxation zone.

The large, fully teak platform with a rounded transom is ideal for easy access to the water.

Interiors

Below deck, you can find a welcoming space where fine wood floors and paneling and warm lighting create a relaxing atmosphere.

The sleeping area comprises two cabins.

An owner's cabin: a private retreat with a double bed, solid wood furniture, high-quality upholstery, and LED lighting, details that make it a true suite at sea.

A guest cabin: spacious and well-kept, with two sofa beds, storage compartments, and portholes that let in natural light and the sea breeze.
