Fuel tank:	**1100 lt.**
Flag:	**French**
Location:	**Liguria, Italy**
Price:	**€ 2.480.000 VAT Not Paid**

DESCRIPTION

A brand-new Lagoon 55, already equipped in every detail, designed for those seeking high-level owner use as well as the freedom to undertake long passages in complete autonomy.
This 2026 catamaran is one of the most complete configurations available on the market today.

A DESIGN SIGNED BY GREAT NAMES

The hull comes from VPLP Design, the exterior styling is by Patrick Le Quément and the interiors are by Nauta Design.
The result is a catamaran of 18.38 m LOA and 9 m beam, with a maximum draft of just 1.55 m: generous volumes, elegant lines and the ability to get close to shore and anchor in shallow bays.

"The Lagoon 55 belongs to the 5th generation of the Lagoon brand which was developed at VPLP Design ... that new generation of yachts had compound surfaces and there was no straight lines anywhere to be seen. This was done to make our boats express strength and quality."
Patrick le Quément, Designer

BRIGHT, REFINED INTERIORS

The atmosphere on board is contemporary and welcoming: light sand oak, contrast Fortezza flooring, Nature upholstery and Élégance Line pack for high-quality finishes.
The saloon is very bright thanks to the sliding front windows and stands out for its refined and functional design with clever solutions such as the modular wooden table mounted on an electric pedestal.
Lighting is very carefully curated in the living areas and in all cabins.
The accommodation comprises four double cabins with four bathrooms, for a total of 8 berths. The owner's cabin has a sliding door between the bathroom and the sleeping area for added privacy.
All cabins have carpeting, air conditioning, and toilettes with electric heads and bidets.
In the bow there are also two single crew berths with their own bathroom facilities.

ENJOYING THE OUTDOOR SPACES

The aft cockpit: your own private terrace on the sea.
Warm iroko flooring on cockpit, skirts and side decks, two folding wooden tables with their own covers, full set of cushions, folding seat on the starboard transom, Tenderlift hydraulic platform, folding floating gangway with cover, gas grill, LED spotlights and blue underwater lights to light up the night.
The foredeck cockpit: a quiet second lounge, your own hidden corner of the boat.
Perfect for a lazy hour with a book or a slow glide along the coast, with full set of cushions, retractable seating to port and starboard, and a sunshade cover.

The Flybridge: climb the steps and the world opens up, with sea, sky and coastline, a panoramic view.
It has an additional access on the starboard side, a bar unit with sink and 70 L refrigerator, two large sunbathing areas, a folding wooden table with its cover, warm iroko flooring and a composite bimini with lighting and thermal curtains.
A complete, sheltered living space, perfect for any cruising.

COMPLETE RAYMARINE INSTRUMENTATION

- 16" Axiom Pro display at the helm
- i70s multifunction display at the helm and the chart table
- 12" Raymarine display at the chart table
- Autopilot with gyro compass and Smart Control remote
